**RE: APSC Certification of Eligibility to Receive High Cost Support
Pursuant to 47 C.F.R. §54.314; APSC Docket 25980.**

Dear Mr. Thomas:

Please find attached the certificate of Frontier Communications of the South, LLC (the "Company"), in conjunction with the Commission's annual certification that the Company is eligible to continue to receive federal high cost support for high-cost universal service support. Also enclosed are ten copies of this filing. If any additional information is required, please contact me at 585-777-1631.

Very truly yours,

Ericca Caccamise
Senior Regulatory Analyst

CC: C. Burke
C. Schey

Enclosure

CERTIFICATION

In its December 20, 2001 and September 26, 2003 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, the Company has previously provided the Commission with a copy of its most recent annual interstate cost separation study, annual 2004 USF-HCLS, and estimated 2004 USF-LSS filings.

The Company further certifies that it will only use the federal high-cost support it receives during 2004-2005 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described in 47 C.F.R. Section 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2005. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Ericca Caccamise at (585) 777-1631.

Respectfully Submitted,

By:

Section 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2005. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Jerry McGee at (334) 562-3242.

Respectfully Submitted,

**RE: APSC Certification of Eligibility to Receive High Cost Support
Pursuant to 47 C.F.R. §54.314; APSC Docket 25980.**

Dear Mr. Thomas:

Please find attached the certificate of **Moundville Telephone Company, Inc.** (the "Company"), in conjunction with the Commission's annual certification that the Company is eligible to continue to receive federal high cost support for high-cost universal service support. Also enclosed are ten copies of this filing. If any additional information is required, please contact Larry Taylor at 205.371.9011.

Very truly yours,

Larry P. Taylor
President

Enclosure.

CERTIFICATION

In its December 20, 2001, and September 26, 2003 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, the Company has previously provided the Commission with a copy of its most recent annual interstate cost separation study, annual 2004 USF-HCLS, and estimated 2004 USF-LSS filings.

The Company further certifies that it will only use the federal high-cost support it receives during 2004-2005 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described in 47 C.F.R. Section 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent; access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2005. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Larry Taylor at 205.371.9011

Respectfully Submitted,

By: Larry P. Taylor
